### REASONS FOR ALLOWANCE

1. Claims 1-45 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The applicant's arguments filed on 10/18/2007 are persuasive. **The feature of independent claims 1, 18, 27 and 35** directed towards allowable subject matter is a single-tap approach in which one of the keys mapped to a plurality of letters is pressed only once for each letter such that each key press is mapped to only one letter. **Savolainen teaches of** a like device having a reduce keypad, but fails to teach of enabling the user to accept one or more initial letters of an intended word without using a multiple tap approach in which the initial letters have less letters than the intended word. **Therefore** the above said features in combination with the other limitations of the above independent claims 1, 18, 27, and 35, and therefore claims 1-45, are found to be allowable over the prior art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **David L. Lewis** whose telephone number is **(571) 272-7673**. The examiner can normally be reached on MTWTHF from 8 to 5. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bipin Shalwala, can be reached on **(571) 272-7681**. Any inquiry of a general nature or relating to the status of this application or

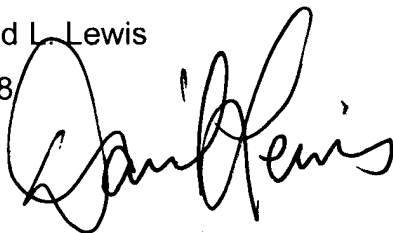

proceeding should be directed to the Group receptionist whose telephone number is (571)-273-8300.

5. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
